Annoying Office Jargon

Are you guilty of using any of these phrases in the workplace? These are just some of the sayings which have been considered as amongst the most annoying office jargon in recent times.

1. Circle Back

How it is used: “Great idea, let us discuss internally and then we can circle back.”

What it means: “Great idea, let us discuss internally and get back to you.”

2. Deep Dive

How it is used: “Let us go and do a deep dive into the account and see what we can find.”

What it means: “Let us go and have a detailed look at the account and see what we can find.”

3. Test the Water

How it is used: “I suggest first running a small campaign so we can test the water.”

What it means: “I suggest first running a small trial campaign to gauge the reaction.”
